

## Bear Officials Up Bomb Threat Reward To \$1000

The second bomb threat in less than a month has brought about a \$1000 reward offer from Bear Archery. The latest telephoned scare occurred at 3:15 p.m. last Friday, October 18. The anonymous caller warned that a bomb would go off somewhere in the plant between 4 and 9 p.m.

The second shift, which was just arriving at the plant, had to be sent home once again by company officials as a safety measure. A company spokesman pointed out that the threats were especially costly to the employees at the family based plant in terms of lost wages and that a reward of \$1000 would be offered for information leading to the apprehension of the person or persons responsible for the bomb threat.

If you have information you are asked to contact the Grayling City Police immediately. Telephone 348-4621.

Arthur Bortell, Jr., of Roscommon, Michigan, having entered a plea of guilty to the charge of breaking and entering an unoccupied dwelling, was sentenced to a term of 3 1/2 to 10 years at Southern Michigan State Prison at Jackson with credit allowed for 119 days served in the Crawford County Jail, Monday, Oct. 21st.

Joseph J. Kolinski of Birch Run, Michigan, having entered a plea of guilty to breaking and entering an unoccupied dwelling, was sentenced to 42 months of probation plus fines and costs, of \$700.00, also on Monday.

## Clocks Change Sunday, Oct. 27

You can get an extra hour of sleep next Sunday, October 27th, if you wake up at 2:00 a.m. and set your clock back an hour.

Michigan, like the rest of the country, turns the clock back to return to standard time. But unlike the rest of the country, Michigan may find itself an hour behind on Feb. 23, 1975.

That's when clocks in the other 49 states will be moved ahead to put the nation back on Daylight Savings Time. Michigan, however, must first adopt legislation repealing a law that would keep the state on standard time until April 27.

Such a bill is pending in the state House. Lawmakers are expected to take up the measure when they return to work Nov. 19th.

## Harvest Supper

The Methodist Church Harvest Supper will be held on November 14th. Serving from 4:30 until 7:00 p.m. Adults \$3.00. Children 12 and under \$1.50. A family plan is also offered, \$10.00 maximum, including school age children.

## Red Cross Meeting Thursday

There will be a meeting of the Crawford County Chapter of American Red Cross, Thursday, October 24th at 2:00 P.M. at the Shoppenagon Hotel.

Gerald Miks, Field Representative in this area for Red Cross will chair the meeting.

All the friends of Red Cross in this community are invited to attend, and even if you have never participated in Red Cross activities previously, if you are interested, please come, you will be most welcome.

Harriet Goodhue, Secretary  
Crawford County Chapter

## First Returns On The Red Cross Fund Drive

As of Sunday, October 20th, 59 gifts have been received totalling \$860.15. This is 24.6% of the \$3500.00 goal.

The rate of giving so far is outstanding, averaging \$14.58 per contributor. But the number of citizens responding so far is low at but 59.

There are only seven days left so, if you have not sent in your gift as yet, please do it today. If you have misplaced the Fund Drive Envelope, just make your check to Crawford County Chapter, American Red Cross, and put it in any envelope as long as it is addressed to Post Office Box 649, Grayling, 49738.

One of our major problems it seems is procrastination. We checked our list of some 800 families and there are 155 names not heard from yet that we are certain will not fail to contribute to Red Cross. If we are right, and if they maintain an average gift of \$10, that would total another \$1550, which added to the \$860 received so far, would give Red Cross \$2410 or 69% of our needs.

And that would be from just 214 families in the county, or about one out of ten. Surely there are at least another 214 families in the community who want to support Red Cross! There were 231 families alone in Crawford County who received 518 pints of blood, free, last year from the Red Cross Blood Bank. And, who knows which families will need, and get, the 500 pints of blood which assuredly will be given again by Red Cross in 1975!

Please do your share, so that all of the Red Cross services will be fully available to all who will need them in 1975!

Harriet and Harry Goodhue,  
Co-Chairmen, Red Cross Fund Drive

## Vikes Bomb Boyne, 51-0

## At Cheboygan Friday

The Grayling Vikings ran roughshod over the winless Boyne City Ramblers on the local gridiron last Friday as they turned in a 51-0 M-HSC victory. This Friday the Vikings will be on the road as they journey to Cheboygan to take on the Chiefs in their next to last game of the season.

"This was the best total effort we have had from our entire squad this year," Head Coach Mike Wieland commented following the Boyne game.

"With the offense scoring 51 points, and the defense holding Boyne to a 1 yard rushing and 10 yards passing, what more could you ask," he added.

Following a scoreless first quarter, the Vikings exploded for 30 points in the second period.

Cliff Bonamie, the Vikes scabcat, opened the scoring with a 10 yard scamper and added the conversion for an 8-0 lead.

In the third quarter, Bonamie tossed to Hinkle for his second TD, and Bonamie scored from 8 yards out, with Hanson taking a Tobin pass for the conversion, for a 14-0 lead.

The final stanza found the entire squad getting into action, with Bonamie scoring his third TD for the night, and Tobin kicking the extra point to finish out the scoring.

Bonamie established a new school rushing record, breaking Dave Holmes previous mark for 526 yards.

## S.S. Benefits Total \$205,000 A Month Here

Social security benefits were being paid to residents of Crawford County at a rate of \$205,000.00 a month at the close of 1973, Dale Averill, social security manager in Traverse City said today.

Of the social security beneficiaries living in Crawford County, 910 are retired workers and their dependents. Another 255 are receiving benefits as the survivors of workers who have died or their dependents.

Mr. Averill pointed out that although most social security beneficiaries are older people, about one out of every four is under age 60. In Crawford County, people under age 60 are collecting social security payments each month. Nearly 185 are under age 18, receiving payments because a working father or mother has died or is getting social security disability or retirement benefits. Most of the 20 beneficiaries in Crawford County between 18 and 22 years of age, are getting student's benefits under a provision in the social security law permitting the continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school full time.

## Bloodmobile Visits Grayling High

Grayling High School students donated 54 pints of blood on October 17, when they were visited by the Red Cross Bloodmobile.

Students 18 or older and those 17 with their parents consent were allowed to donate blood, provided that they met the same requirements for standard donations. 20 students were deferred because of some failure to meet one of the safety requirements for giving blood.

Most of the volunteer work was done by students, in Mr. Mike Wieland's zoology class and Mr. Warren Hayes biology classes. Mr. Wieland and Mr. Kent Reynolds, principal, are responsible for the Bloodmobile's coming to GHS.

Mr. Wieland has stated that this is one of the few ways in which students can show concern for others, and if the bloodmobile was not at the school, very few would get the opportunity to donate.

At the bloodmobile along with volunteer nurses and students, and the staff of the bloodmobile was the Crawford Chapter chairperson of the American Red Cross, Mrs. Harriet Goodhue, who stayed for the time the bloodmobile was run, from 9:00 a.m. to 2:45 p.m. Refreshments were provided through the Bachelor's Living class.

Last May was the first visit to Grayling High School by a Bloodmobile and plans are for another visit next May.

## Jim Bourrie Top EMTA Salesman

BAY CITY—Promotion investment in East Michigan's tourist industry has been increased for 1975. A "Super Game" membership campaign in September has netted at least 73 new members. It reverses a three-year trend of membership loss in the 29-county travel promotion organization.

James Bourrie, a Grayling restaurateur, was the top salesman with nine new members. The runner-up, Bob Shingledecker, a restaurant-motel operator from Roscommon sold six new memberships. Bourrie won a 3-day mini-vacation for two people at Ray Valley Inn Resort. Shingledecker won a quarter-page advertisement for his establishment in the 1975 East Michigan Travel Guide. Seven other salesmen won AM-FM radios for their efforts in garnering new travel promotion investors in EMTA.

Prizes were awarded to Montmorency and Gladwin Counties for the greatest percentage of increase in new memberships. Montmorency's increase was 53 percent and Gladwin County, 36 percent. They won half and quarter page ads for their respective counties in the 1975 Travel Guide.

Although not officially a member of the sales team because he is an EMTA board member, Bill Kahn of Mikado signed up 11 new members in Alcona County. His efforts were recognized by a special resolution adopted by the membership at the EMTA annual meeting in Frankenmuth, October 17.

You looked carefully before you picked out your car.  
Look carefully before you pick out your mechanic.

If drivers would spend as much time looking for a good repair dealer as they do looking for a good car, there would be a lot more happy drivers.

Give your car the attention it deserves. Take it to an NAPA Dealer. He's got what it takes to make sure your good car stays a good car.

What do you look for? One thing to look for is the red, white and blue NAPA Driveway Sign. Anywhere you see this sign, you know the replacement parts that dealer uses meet or exceed all manufacturers' original equipment specifications. And, any dealer particular enough to use the best parts is usually particular about his work.

## Sauce For The Goose

A federal law now reportedly makes it a criminal offense, carrying a five-year prison term, for any person to lie to a federal official. According to a columnist in the Parkersburg, West Virginia, News, Section 1001 of Title 18 of the U.S. Code "...anoints all federal officials of whatever stripe with a holy oil and that includes FBI agents, welfare directors and any other puppy dog federal functionary feeding at the public trough." Any citizen caught telling an untruth to a federal official is subject to arrest, indictment and trial.

The writer admits that it is not right to lie to a federal official, but he objects to a law which makes it a crime to do so. It is not a criminal offense for a federal official to lie to an average citizen. Surely no one is going to suggest that government officials, federal or otherwise—elected, appointed or just plain hired—never tell a falsehood or shade the truth a bit in speaking to us common, ordinary, garden-variety private citizens.

## Impossible Dreams

If everyone were practical all of the time, many great things that have been done would never have been tried. Would Charles Lindbergh even have attempted his solo trip across the Atlantic in The Spirit of St. Louis if he hadn't believed in something that the average person at the time would have said was impossible? But Lindbergh landed in Paris, and the world was never the same again. Americans, inspired by that historic flight, were asked just 14 years later to man the greatest air armada the world had ever seen, the U.S. Air Force of World War II. The "impossible" age of the atom and space came next in fast succession, and the world moves on.

Progress now often seems to be carried forward by teams of people. But somewhere at the heart of things, there is always an individual who can believe in impossible things, and then, usually with a lot of hard work, dedication and skill, make them happen. It is this kind of individual who, in the final analysis, still moves the world forward.

## THE BIBLE SPEAKS

From Calvary Baptist Church

### The World Council of Churches

Last week we observed just a little of the ungodly activity of the National Council of Churches. Now we shall look at the activities of the international missionary conference of the World Council of Churches held in Bangkok, Thailand last year. The theme was "Salvation Today!"

The conference opened with a message from the President of the World Fellowship of Buddhists. He said, "All religions have one thing in common...all genuine religious people, despite the difference of outward trappings, know that they are heading towards the same destination, the difference being that each has chosen the path he prefers."

The Buddhist was absolutely right, all religions are heading for one destination, the Bible calls it Hell. Religion is man striving to be acceptable before God, salvation is God reaching down to man in his need through Jesus Christ. The Buddhist was also right when he said "each has chosen the path he prefers." Jesus Christ said, "I am the way...no man cometh unto the Father but by me." John 14:6. Jesus said, "Enter ye in at the strait gate: for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat: Because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it. Beware of false prophets..." Matthew 7:13-15a.

The majority of those participating in the conference equated "Salvation Today" with "Socialism." The gospel of Jesus Christ from the Bible was repeatedly called "the gospel of the West" or the "gospel of imperialism." One man said, "We are at the end of a

missionary era and at the very beginning of the world mission." This he equated with "social revolution." A moratorium on sending out new missionaries "from the west" was recommended. Malcolm X and Martin Luther King were called modern day Mosses.

Concerning the gospel of the Bible, M. M. Thomas, Chairman of the Central Committee of the World Council of Churches stated in a keynote address. "The old ideal of a unified or systematic Christian truth has gone." Does this give you any idea why we stress the inerrancy and infallibility of the Bible here in Grayling?

The World Council of Churches includes churches from Communist countries. Communist agents from these churches occupy many key posts in the WCC organization. The World Council of Churches has not only become the sounding board for communist propaganda, but they have actually given funds to communist and revolutionary groups to assist them. When the WCC was criticized for this action, they doubled this particular fund from \$500,000 to \$1,000,000. Most of this money comes from born-again Christians who are opposed to communism, but support the organizational framework of liberal denominations which belong to the NCC and WCC. "Am I therefore become your enemy, because I tell you the truth?" Gal. 4:16.

Do you still have any question why the Calvary Baptist Church separates from such organizations, and from other churches which send money to them? The Bible tells us to have "no fellowship with the unfruitful works of darkness but rather to reprove them." Ephesians 5:11. (Pd. Adv.)

### "Challenge," A 4-H Wilderness Adventure

by Terri Butler,  
4-H Aide

Have you ever stayed in the woods overnight alone, explored caves and caverns, crossed a Burma bridge, gone on a zip line, or felt the thrill of rappelling down a 100-foot overhang? Could you scale a 50-foot cliff with only the assistance of rope, hike 25-30 miles in one day, build a canoe from bark as the Indians did, or live completely off the land for several days?

"Challenge," a new 4-H program for youth and their adult leaders in Michigan offers one the opportunity to experience outdoors adventure like those just mentioned. As a volunteer leader for "Challenge," leaders will work with young people ages 9-18 who participate in high adventure, stress-oriented wilderness activities.

After being trained and certified as a competent leader for "Challenge," leaders will guide youth in learning survival mountaineering, cave exploring, and other adventure skills and techniques through first-hand experiences.

Designed to tax the mental, physical and emotional capabilities of youth, "Challenge" will help young people build self confidence and imagination.

Kettunen Center near Tustin will be the location for an adult teacher training conference to be held on December 6-7. This 2 day meeting is designed to familiarize volunteers with the program and offer them education on outdoor leadership. Regional training sessions will be conducted by MSU extension staff for "Challenge" leaders.

### JV's Continue Undeclared With Romp Over Boyne City, 44-0

An inspired Grayling J.V. football team downed Boyne City 44-0 last Thursday evening to remain undefeated.

On the second play of the game Grayling tailback Will Roach broke loose for a 44 yard run only to be tackled at the opponents 2 yard line and suffer a freak collar bone break in his fall. Roach will be lost for the final two games. It was a bitter disappointment to a fine young man and athlete.

Coach Miles stated that he has been stressing the importance of team depth all season and the rest of the squad was determined to adjust and continue their winning ways.

On the next play from scrimmage, fullback Ed Ferrigan banged over for the score and tailback Grant Byce ran the two point conversion to give the young Vikes an 8-0 lead.

Before halftime Grayling was to pile up a 30-0 lead with Byce flashing for a 40 yard run behind good downfield blocking, fullback Jeff Osga scoring on 15 and 4 yard power bursts behind guard Tom Miller, and quarterback Alan Johnston passing to Dave White and Bill Dean for a pair of two point conversions. Early in the second half, Ferrigan ran for a 10 yard score with Johnston running the conversion. Byce completed the scoring with a 40 yard scamper behind the second offensive line. The second and third offensive and defensive units continued to dominate the game playing most of the second half.

Outstanding players selected by their coaches were offensive guard Tom Miller and defensive players Bill Dean and Steve Olsen. Tri-captains for the contest were Mike Money, Mike Schilbe, and Marty O'Mara.

Tonight (Thursday) the J.V.'s attempt to extend this seasons' seven game winning streak, and a nine game home winning streak against an always tough Cheboygan at 6:30 p.m.

## Please don't come clean

If the Food and Drug Administration had spoken up sooner, maybe those mushrooms wouldn't have grown in our shower and I'd be \$500 richer.

You remember the mushroom fiasco. My wife said she'd kill me if I wrote about the cruddy little things that kept growing between the tiles.

"Just because you are married to an editor, you cannot tamper with the Freedom of the Press," I told her bravely. And I wrote about the mushrooms.

As you probably guessed, she didn't kill me. In fact, her assault was relatively mild, when you consider the provocation, and the doctors say I may be able to play tennis again someday. My vision has cleared and most of the tennis racket has been surgically removed from my head.

Mushrooms grew in our shower because mushrooms usually grow where it is forever wet. It is forever wet in our shower because my family believes everything it sees on television. A person who does not wash body and hair twice a day will never make out, never make friends, never make the team, and never make more than \$1.68 an hour. This soapy world shows no compassion for the man who cannot see over his own dandruff.

So there was no way my wife was going to quit watering the mushrooms. Instead, she had a new shower installed with excess grout between the tiles. (If you don't know what grout is, you haven't been paying attention. Go kiss a brick-layer.) This \$500 expenditure is supposed to keep mushrooms out of the shower. Maybe. It will for sure keep steak out of my mouth.

Certainly it would have been cheaper to starve the mushrooms out by cutting off their water. I suggested

to my wife that maybe our family bathed too much and she whipped me across the face with her rubber duck. It was no use—then.

But now comes a government study made by the Food and Drug Administration (FDA). It says deodorant soaps may be harmful because they kill too many germs. Oh my. Life can be beautiful, though dirty.

Some germs on the skin serve a "protective function." If they are killed for the sake of smelling good, the FDA said, worse germs may take their place.

Also, the FDA said it's concerned because soap chemicals are absorbed into the bloodstream and it may be dangerous to expose "the entire body surface to these chemicals when alternative methods of odor control are available." (An offensive alternative could be perfume. Or a defensive alternative could be to squeeze your nose firmly between thumb and forefinger.)

Remember hexachlorophene? It used to star on lots of soap commercials. No more. Now you need a prescription to buy the stuff. The FDA said hexachlorophene was a possible cause of brain damage.

And now there are similar fears about a Dial ingredient—triclocarban. You should use it continuously for only 1 year, the FDA said, "unless extensive tests are made to determine its impact on reproductive organs, the brain and spleen." Geez. Thank God I've never known my son to stay in the shower longer than 8 months.

These terrifying facts should be enough to scare both man and mushroom. With this in mind, I read the entire FDA report to my family every night. So far, no one has heard me over the noise of the shower running.

Onward and Upward.

# ALMANACK

Richard Milliman

## Statehood might provide answers for UP

Roaming around the Upper Peninsula, I understand, is a bona fide candidate for public office who has stolen one of my pet projects for his own platform.

A recent United Press International dispatch from Ironwood quotes a congressional candidate on the Human Rights Party ticket who wants to make Michigan's Upper Peninsula the nation's 51st state.

Ted Albert, who is vying for the seat now held by Rep. Philip Ruppe, said he has looked at statehood documents for Alaska and Hawaii, and thinks that creating a new state "would not be an impossible job," UPI notes.

Albert even has written a poem about the new state, which he wants to call Superior.

Although I think Phil Ruppe has been doing a commendable job in Congress, I offer my support for Mr. Albert's program anyway—not for his election to congress, mind you, but only for statehood for the Upper Peninsula.

I've been advocating U.P. statehood since way before the Mackinac Bridge was built; Mr. Albert may well have read an old Almanack somewhere and stolen the idea from me.

Of course, I don't pretend to have originated the thought. It just seems like a good idea, and I'm not bashful in propounding what appear to be good ideas.

Creating the state of Superior would just about triple Upper Peninsula representation in Congress. The Ruppe district now covers all of the Upper Peninsula plus the northern part of the Lower Peninsula; as a separate state, Superior would be

entitled to two United States Senators, plus at least one Congressman.

Just think of all the goodies three times as many national lawmakers could shake loose from the federal plum tree; the potential for the Peninsula from the standpoint of federal assistance programs boggles the mind, let alone from such angles as natural resource management, environmental protection, tourism and such matters.

But creating the state of Superior is only the first step toward the Almanack's overall plan for total development of Michigan.

I'm not ready to stop with the 51st state; it seems to me that we should have at least no. 52, again carving the new state out of parts of the existing state of Michigan.

The Almanack's candidate for State No. 52 would be Wayne County, and—if anyone would really insist—I would be willing to throw in at least parts of Macomb and Oakland counties, too.

Wayne County, newly organized as the State of Wayne, would have a much better chance of filling up at the Federal trough in a go-it-alone position as a separate state.

Not only would Wayne have its own two U.S. Senators, it also would have a passle of Congressmen, befitting its size which would be larger than roughly half of the other states.

And as for the rest of what was left of present Michigan, with both the Upper Peninsula and Wayne County gone, the problems and resources of what would be left would come a lot closer to matching than they appear to do now.

## Shires Completes Gen-Tel Course

David E. Shires, Rte. 2, Grayling, switchman for General Telephone, has completed an advanced course on the operation, testing and maintenance of automatic toll ticketing telephone equipment.

This equipment makes possible the individual dialing of station-to-station long distance telephone calls (direct distance dialing).

The specialized course attended by Shires is a part of General Telephone's continuing program to provide constantly improving service through well-trained, highly-skilled employees. He was among employee-trainees from all parts of the United States during the training session which was held at GTE Automatic Electric Incorporated, Northlake, Illinois, a suburb of Chicago. GTE Automatic Electric Inc., the equipment manufacturer for GTE telephone companies, and General Telephone are both subsidiaries of General Telephone and Electronics Corporation.

Shires has been with the company 12 years. A graduate of Royal Oak High School, he served two years with the Army.

During the ceremony Mrs. Feldhauser sang a special song to her daughter, the new worthy matron. Other numbers she sang to the enjoyment of those present were: "Open the Gates," and "This is My Task."

Members and visitors were invited to a social hour in the dining room where a buffet type luncheon was served. The tables were attractive with blue streamers and floating candles. Mr. Robert Houghton, the newly installed worthy patron, stood at the door to thank the guests for coming and extended an invitation to visit again.

## Mental Health Seminar Held For Crawford-Roscommon Counties

A two-day seminar on Infant Development was sponsored by the North Central Michigan Mental Health Center last week. The meetings, held on October 17 and 18, at the Roscommon County Building, constituted the kickoff of the Mental Health Center's Infant Mental Health Program in Roscommon and Crawford Counties.

In attendance were workers from the two counties, with the Departments of Public Health, Departments of Social Services, Probate Courts, Cooperative Extension Services, Kirtland Community College and COOR Intermediate School District. Areas of concern at the seminar included problems in parental-infant attachment, the effects of maternal deprivation, causes of physical abuse (as well as the less obvious kinds of psychological abuse and emotional neglect), and problems of separation of an infant from its parents. Many of the persons in attendance will be taking further training, provided by the North Central Michigan Mental Health Center, in learning to work with parents who may be concerned about their child's development or their relationship with their infant.

Instructors at the meetings were Michael Trout, Staff Psychologist, and Infant Specialist at the North Central Michigan Mental Health Center; and Alice Carter, R.N., a psychiatric nurse at the Huron Valley Child Guidance Clinic in Ann Arbor. Those in attendance were: Sue Murphy, Bernice Olsen, - Roscommon County Probate Court; Pat Watkins, Janet Burchett, Ann Beltz, - Roscommon County Health Department; Myrtle McPhail, - Crawford County Health Department; Bob Porter, Beverly McGurk, - Roscommon County Department of Social Services; Beverly Stanger, - Kirtland Community College; Shirley Clark, - Mercy Hospital; Jac Deegan, Anton Colasacco, - North Central Michigan Mental Health Center; Pat Hunter, -

Crawford County Probate Court; Merrill Baldwin, - Cooperative Extension Services; Ed Barton and Nancy Bueche, - Mental Health Staff working with COOR Intermediate School District.

For further information about Infant Mental Health, contact any of the participants, or Mr. Trout of the Mental Health Center, at Grayling (517-348-8522) or Cadillac (616-775-3463).

## your week ahead BY DR. A.W. DAMIS

Forecast Period: October 27 to November 2

### ARIES

Mar. 21 - Apr. 19

Don't lie to yourself in order to justify your motives. Face the facts, you're entering a period when you'll participate in a bit of "back-biting." Please guard your words.

### TAURUS

Apr. 20 - May 20

It seems as though you'll get the chance to expand your job, task or project. See to it that social or romantic problems won't become an obstacle.

### GEMINI

May 21 - June 20

This could be a highly favorable week. There's two drawbacks, however. You might take a serious situation too lightly, what's more, you're prone to defy authority.

### MOONCHILD

June 21 - July 22

Guard against an unusual lack of confidence. Cosmic influences will put you to test. In other words, you might be over cautious in a situation that demands a firm, swift decision.

### LEO

July 23 - Aug. 22

Don't permit yourself to be drawn into a venture; simply, because you've overstated your financial reserve. Also, you're highly vulnerable to flattery, this week.

### VIRGO

Aug. 23 - Sept. 22

Play-it-cool, for the balance of this week. According to your chart, it's not the time to persuade or convince anybody; especially, the other sex.

### LIBRA

Sept. 23 - Oct. 22

From all indications it's possible that you'll do some pinch "biting," this week. In other words, you'll take on somebody else's responsibility, for a brief period.

### SCORPIO

Oct. 23 - Nov. 21

You're holding faulty and inaccurate data; then again, you could be covering up information. The point? Don't rely on "ace in the hole" statistics.

### SAGITTARIUS

Nov. 22 - Dec. 21

It's the old escape from reality. What? Getting involved in someone else's problems in order to forget your own! Bluntly, take care of your troubles, this week.

### CAPRICORN

Dec. 22 - Jan. 19

You'll face a week of fierce competition that could include veiled threats. What is more, you'll be forced to take ruthless measures to come out ahead.

### AQUARIUS

Jan. 20 - Feb. 18

Don't become a student of the theory that: A lie can function as well as the truth... it won't! You will, however, bend twist and stretch a few facts, slightly.

### PISCES

Feb. 19 - Mar. 20

Speaking of the opposite sex! You're caught up in the past, far too much to ever change. It's not the time to think of changing your romance pattern.

### PERSONALITY PROFILE

# Nothing To Fear

Hallowe'en today means children flocking from door to door to enjoy the bounty of neighborliness. But in the Dark Ages this night was regarded with dread and apprehension.

Warmth, friendship, kindness, generosity inspired by our religious faith have replaced superstition. Believing in the Love of God man has nothing to fear.

Your children will remember for years the fun of Hallowe'en. Are you making sure they are learning the fundamental spiritual truths that have turned yesterday's fear into today's faith?

Once a year we celebrate the death of superstition. Every Sunday we celebrate the birth of Believing.

## Alumni News

With our 17th gathering behind us, we plan now for number 18. All persons, who have revised Class listings, keep the addresses up-to-date for us—and your own class. Some of you did not turn them in to us, for one reason, or another. We need them for our G.H.S. Alumni file. We know Class Reunions will separate from us. We keep hoping that someday you will gather with us. We need volunteers from the Classes of '71, '72, '73 and '74 to fill in addresses and keep them up-to-date for mailing in 1975. Call me at 348-8260 or 348-7641.

I want to thank my Board of Directors for serving with me these past months. They agreed to work with me when I asked them to come back to work and reorganize the G.H.S. Alumni. They were on the Board 7 years ago. You cannot beat people like that. Now they ask to be relieved, including your President. We have had 2 persons offer their names for nomination. Any more? Call me. We want G.H.S. Alumni to become an important part of the School System, as we should be, not just a social group. We want representation from all age groups. It is really not a tie-down obligation. It is rewarding. No money—no glory—but a feeling of accomplishment. And also a feeling of frustration when 1,500 letters bring response from 190 persons! We need ideas from all of you so we can sort them out and use the ones that will make us click. I have heard some of them, via the Grape-Vine, but none in writing or in person.

Address for the Alumni Office is 304 Mich. Ave., Grayling, Mich. 49738.

## Bits O' Talk

by Fay Bovee

Mr. and Mrs. Ralph Swartz of Milford have purchased the Archie Smith property at Higgins Lake. They will take possession November 1st.

Earl Broadbent grew some flowering cabbage, which are on display in the Grayling Mercantile window.

Mr. and Mrs. John Ludeman returned home recently from a three and a half week trip out west. They visited their son, Frank and family, in Casper, Wyoming, saw the Badlands, Black Hills, Mt. Rushmore, Teton Mts., Teton Village and Yellowstone National Park. They report having had a wonderful time.

Three couples from Toledo, Ohio, all friends of the John Ludemans, visited them on Sunday, Oct. 6. They celebrated a birthday, a Golden Anniversary and took a color tour.

## Benefits

(continued from page 1)

Mr. Averill said, are some other types of beneficiaries, illustrating the broad family protection that the social security program provides workers of all ages. Some are children of retired, disabled, or deceased workers who became disabled before they reached 22 and who will probably never be able to work and become self-supporting. The monthly benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in the mother's care.

Mr. Averill said that another relatively small but significant group of youthful social security beneficiaries are those who are receiving benefits as disabled workers.

Since December 1973, Mr. Averill said, social security benefits have increased 11 percent, with 7 percent of the amount payable in March 1974, and 4 percent in June 1974.

SOCIAL SERVICES CHAIRMAN, Robert Little, Chairman of the Michigan Department of Social Services, challenged the community and area leaders to maintain the openness and understanding of the Camp Shawono program after the aura of the Open House had passed.

YOUTH ADVISOR CHAIRMAN—Michael G. Harrison, Chairman of the Michigan Youth Advisory Commission discusses last minute details for the Camp Shawono Dedication and Open House with Ms. Maria T. Mergentime, the Office of Child and Youth Services Advisory Commission Liaison Officer.

## government

"...We cannot function without the confidence of the government any more than we can function without the consent of the governed...if we are to restore public confidence in politics, we must expose the entire system of campaign fund-raising and spending to public scrutiny."

Governor William G. Milliken;  
State of the State Address, 1974

Governor Milliken initiated and is leading the campaign for ethics and political reform. And he has practiced it himself. He has:

- Made full disclosure of contributions to annual fund-raising parties.
- Publicly disclosed his federal income tax returns for every year he has been Governor.
- Publicly disclosed a statement of personal assets, liabilities and net worth.

Furthermore, Michigan under his leadership has:

- An Age of Majority Act granting the full rights and responsibilities of adulthood to persons 18 years of age and older.
- A Presidential Primary Election in Michigan.
- A code of ethics for state employees.
- The first Special Message on Ethics and Election Reform ever delivered by a Michigan Governor.
- Reduced residency requirements for voter registration.
- Established citizen "Hotlines" in several state departments, to improve citizen access to their government.
- A State Commission on Volunteerism, creating a vehicle for people participation in government.
- A more responsive and efficient state budgeting procedure to assure that state programs accomplish their goals.
- Executive branch reorganizations, increasing the efficiency of state government.
- A state revenue sharing plan to provide help to local units.
- One-half billion dollars of tax relief, reducing the tax burden on virtually every Michigan taxpayer.

In addition, the Governor is:

- Urging adoption of campaign finance reform legislation, including the full disclosure of all contributions and expenditures by candidates before and after every election.
- Urging adoption of financial disclosure legislation, requiring the annual reporting of financial holdings and sources of income by candidates and public office holders.
- Urging adoption of legislation to require that meetings of all public bodies are open to the public, a strengthening of present law.
- Urging adoption of legislation requiring the full disclosure of spending by lobbyists.
- Urging that the age of eligibility for persons running for state elective office be reduced to 18.
- Urging expansion of citizen access to register to vote by permitting them to register at driver's license branch offices.
- Urging adoption of legislation to provide for the automatic mailing of absentee voter ballots to all state voters over 65 years of age.
- Urging legislation to shorten the fall campaign period, which would reduce the need for extravagant spending.
- Urging adoption of legislation to protect individual rights of privacy by placing a measure of public control and scrutiny over government information gathering.
- Urging the adoption of legislation to reform the state's system of selecting judges.
- Urging state financing of courts to alleviate the burden on local units of government and upgrade the quality of justice in Michigan.
- Urging a recodification of existing criminal laws.

A National leader in the reform movement, Milliken sponsored and led the fight to pass a strong ethics resolution at the National Governors' Conference.

Mr. McEvers responded to the complaint that the best method of control of this type of problem is an aroused citizenry working with City officials.

County Commissioner Dean Welch appeared to discuss with Council the possibility of use of part of the old City Landfill site for a County dog pound. Property needed would be about 200' by 200'. He has plans which have been approved by the County Board. Mr. Durga cited some problems in dog control. He asked for possible strengthening of the dog control ordinance concerning barking dogs, and female dogs in season running loose. A lengthy discussion was held on the water/sewer rate system.

Possible use of an area of the old landfill property by the area law enforcement people as a target and practice firing range was discussed. Council felt that more information was necessary. Mr. Hanson will check with Camp Grayling on policy at that facility.

Mr. Hanson asked about the response to letters sent to delinquent sewer only customers; 17 letters were sent, 5 responded.

**CELEBRATE COLUMBUS DAY**—Each year on October 12th, we celebrate a special day. It was on that day, in the year 1492, that Christopher Columbus found the New World. Mrs. Fleming's second grade made replicas of the Nina, Pinta, and Santa Maria by making sail boats out of paper and toothpicks and set them sailing on a green sea made of clay. Some boxes showed the turbulent weather. Others showed the boats approaching shore. They all enjoyed the project and learned some history as well.

Gary brought his mother home and remained for the weekend.

Recent visitors of Mrs. Les Welch were Mr. Jack L. Welch, and daughter, Lynn of Mt. Pleasant, Mr. and Mrs. Dale Welch, of Vestaburg, Mr. and Mrs. Dave Gaddis, of Lansing, and Fenn Welch, of Troy.

#### Viking Cross Country Team Ends Season

The Grayling cross country team wound up its regular season October 17th at Rogers City, taking fifth in the conference meet.

Grayling was undefeated in non-conference races with a record of four wins, zero losses. In over-all three mile runs, the team won five and lost only six. This in the opinion of Coach Robert Woodland is a marked improvement over last year when Grayling took seventh in the conference.

The outstanding runner on the cross country team was Pete VanNuck, a junior, who broke the school course's three mile time on three separate occasions, broke several other schools' course records and in the Soo Sault Marie Invitational Cross Country Meet, won a medal taking twentieth overall.

In their first meet, Grayling defeated St. Ignace on the home course by a score of 17-45. Scoring for Grayling were Pete VanNuck, first over-all; RobRoy Ockerman, second; Joel Cox, third; and Ralph Larson, fifth.

In the next meet Grayling brought their record to 2-0 by defeating Mancelona on September 19th on the Ironmen's course, 22-46. Scoring for Grayling were: Pete VanNuck, second; RobRoy Ockerman, third; Joel Cox, fourth; Tom Cockcroft, sixth; and Ralph Larson, seventh.

On the first tri-way meet held on the Grayling course, Grayling encountered its first loss on September 24th against Gaylor and Charlevoix. The scoring for Grayling went: Pete VanNuck, third; Tom Cockcroft, 10; RobRoy Ockerman, 11; Jim Gardiner, 12; and Roger Kolb, 14.

Grayling defeated Harrison on September 25th by a score of 25-34. Placing for Grayling were Pete VanNuck, first; RobRoy Ockerman third; Tom Cockcroft, fifth; Ralph Larson, sixth; and Roger Kolb, seventh.

At Boyne City, Grayling lost its second tri-way meet to Rogers City and Boyne City by 20-35 and 29-36. Scoring for Grayling were Pete VanNuck, 3; RobRoy Ockerman, 11; Roger Kolb, 13; Todd Mead, 14; and Ralph Larson, 15.

These were followed by a victory over Mancelona, losses to Petoskey and Cheboygan and in their last regular meet on October 10th, Grayling defeated Harrison.

#### Jack Pine's Stump

One day last week three of us, one stranger, one local and I, were sitting together when the stranger asked what all the to-do was about a local funeral. He was talking about Jack Millikin. Before I could say a word, the other local guy chimed in with "It was Jack Millikin, one of the finest people this town ever had." All I could add was a heartfelt "Amen." For indeed Jack was. There are a lot of fine people in this community, but very few could ever equal the qualities exhibited by Jack Millikin. And few could ever be so fortunate as to be honored during their lifetime as was Jack last summer when the Booster Club had "Jack Millikin Day." The Club had no idea that Jack wouldn't be around for years to come and for that fact neither did Jack. But it honored a man who had done much for the community in the many years he had lived here. Most of his efforts were kid-oriented, but he was always a soft touch for most any community project. You see, he cared one helluva lot about people - especially Crawford County People.

Jack came up the hard way - starting with one truck and about eighteen hours a day of hard work. And I got a good laugh when Jack had his last birthday and his kids (all ten of them) gave him a pickup as a present. But that was what he wanted, so that's what he got. But above all else, you could depend on Jack Millikin. When he said he'd do something, you could bet your sweet butt that his word was good as gold - and he didn't charge gold either. Of course I, like most everyone in town, knew Jack from a business point of view. But I also knew him from his work for, and with, the Booster Club. And that was superb. But I also knew him in a different sense. I remember when he used to sing Saturday afternoons on the radio programs from the Wag-On-Inn. A lot of people laughed at his singing of the country-western songs he liked so well, but I didn't. Maybe it wasn't the best in the world, but at least it was sincere. And what more can you ask of any singer?

A couple of years ago I wandered into the Wag-On one weekday evening. There were about six people there, and one of them was Jack Millikin. They were all singing, and I asked Jack if he could play a guitar. He said that he couldn't, but one of the other people there said he sure could. It just so happened that I had a guitar in the car, so I went and got it. Jack still insisted that he couldn't play—all the time he was tuning it and picking chords. So for an hour or so we all sang while Jack strummed. That's the Jack Millikin I like to remember - a humble person, an honest person and a man who cared about kids.

And his caring went far beyond word of mouth. When he knew that he didn't have much longer left, he made it known that he didn't especially care about flowers - that he preferred donations be made to the Cancer Society or the Grayling Booster Club Youth Development Fund. But he also made it known that the latter was his favorite. I didn't go to his funeral. I probably couldn't have gotten in the church anyway; it was that crowded. But I did listen to the service on the radio. Reverend Frederick did a magnificent job, a truly honest tribute to a truly honest man. I was listening on the car radio, but when I reached where I was going, I left the motor going and the radio on - and I was crying like a baby. But then I think that anyone who knew Jack was crying - or should have been. Crawford County has been fortunate to have Jack Millikin for the time we did. And few communities can brag of such good fortune. May God rest his soul - and may his spirit inspire others to even a small portion of what Jack did.

I. As a matter of procedure, this County Board of Commissioners will adopt a budget on a line item basis, and these line items cannot be overspent without the specific permission of the Board of Commissioners.

II. As a matter of procedure, this County Board of Commissioners will not extend the expenditures of any line item in the budget without first taking one of the following courses of action.

A. Moving an amount of money (transfer) from a line item "which has an excess" into the line item which is to be overspent, thus decreasing one line item and increasing another line item.

B. If it can be clearly established that there will be additional revenues coming into the county. In this event there should be first an amendment to the budget to the extent that the increase in receipts be added to the budget. Then, and only then, can this Board transfer this money into a specific line item, so as to extend this line of the budget.

III. The Board of Commissioners, after having taken action which insures an amount of money necessary to cover an expenditure from a line item of the budget, can approve an expenditure from this line item.

IV. Establish as a matter of procedure for the County Board of Commissioners: a request for a budget to be attached to our county budget from all of the county departments, offices and institutions which are in part financed by County General Fund appropriations.

**WAKELEY HEADS  
COUNTY CAMPAIGN  
FOR CONG. RUPPE**

HANCOCK—The campaign to re-elect Congressman Philip E. Ruppe, R-Houghton, in Crawford County will be headed by Joseph V. Wakeley of Grayling. In making the announcement, Ruppe noted that Wakeley offers a fresh, young approach to political activity.

Wakeley was the winner of the Republican primary race for County Treasurer in 1972. At 24, he is one of the youngest elected county officials in Michigan.

Ruppe added that he plans to visit Crawford County once again during the campaign and would be announcing dates and times in the near future. Ruppe campaigned through Grayling in early September.

Donald Griffith, Marine Corps Sergeant, son of Mrs. Margaret V. Griffith of Rural Roscommon, reported for duty at the Marine Corps Base at Camp Lejeune, North Carolina.

A former student of Michigan State University, and Grayling High School graduate, he joined the Marine Corps in August, 1971.

# PROPOSAL C

## PROPOSED CONSTITUTIONAL AMENDMENT

(AMENDMENT TO ARTICLE 9, SECTION 8 OF THE STATE CONSTITUTION PROPOSED BY INITIATIVE PETITION TO REPEAL THE SALES TAX ON FOOD AND PRESCRIPTION DRUGS AND TO COMPENSATE LOCAL GOVERNMENTAL UNITS FOR THE RESULTING LOSS OF REVENUE)

Article 9, Section 8 will read as follows, if the proposed amendment is adopted:

Sec. 8. The Legislature shall not impose a sales tax on retailers at a rate of more than 4% of their gross tangible personal property.

No sales tax or use tax shall be charged or collected from and after January 1, 1975 on the sale or use of prescription drugs for human use, or on the sale or use of food for human consumption except in the case of prepared food intended for immediate consumption as defined by law.

This provision shall not apply to alcoholic beverages.

To compensate units of government other than the state for loss of revenue resulting from repeal of the sales tax on food and prescription drugs, each present allocation of sales tax revenue to such units shall be increased by 1/5.

Article 9, Section 8 now reads as follows:

Sec. 8. The legislature shall not impose a sales tax on retailers at a rate of more than 4% of their gross taxable sales of tangible personal property.

Article 9, Section 10 and Article 9, Section 11 would be altered by this amendment if adopted:

Article 9, Section 10 now reads as follows:

Sec. 10. One-eighth of all taxes imposed on retailers on taxable sales at retail of tangible personal property shall be used exclusively for assistance to townships, cities and villages, on a population basis as provided by law. In determining the population the legislature may exclude any portion of the total number of persons who are wards, patients or convicts in any tax supported institution.

Article 9, Section 11 now reads as follows:

Sec. 11. There shall be established a state school aid fund which shall be used exclusively for aid to school districts, higher education and school employees' retirement systems, as provided by law. One-half of all taxes imposed on retailers on taxable sales at retail of tangible personal property, and other tax revenues provided by law, shall be dedicated to this fund. Payments from this fund shall be made in full on a schedule basis, as provided by law.

This proposal will appear on the ballot as follows:

## Symphony Here November 12

### Grayling Area To Have Artist Course Series

On Tuesday evening, November 12, Grayling area residents will have the opportunity to take part in another first in our area, an Artist Course or Community Concert Series. The first program of the series will feature the Central Michigan Symphony. This will be followed by three other programs in January, February and March. Featured in these future programs will be a noted poet and lecturer, a jazz band and a stage band, and a well known college choral group. All programs will be held in the Joseph Stripe Auditorium and are sponsored by the Crawford Ausable Community School Program.

Season tickets for Grayling's first Artist Course Series are now on sale and may be purchased directly from the Community School Office at the Grayling High School, at the new Board of Education Offices at the corner of Spruce Street and Michigan Avenue, or they may be purchased by mail by using the coupon below. Admission to the Artist Course Series will be by Season Ticket only. No tickets for individual performances will be available at the door.

Cost of season tickets to the Artist Course Series is \$5.00 for adults and \$3.00 for children under 12 and Senior Citizens who are over the age of 62 and retired.

There is probably no other town as small as Grayling that is lucky enough to have an Artist Course available to them. It is hoped that area residents will take advantage of this opportunity to enjoy artists in a variety of fields. This Artist Course is an experiment to see if the area residents desire this type of entertainment. If this year's series ends up in the Black, another series will be planned for next year, with probably some nationally known artists.
